About Me

I am a dedicated Graphic Designer and IT graduate with hands-on experience in visual design, email marketing, and digital marketing. I have worked with various organizations to create engaging visual content, design user-focused interfaces, and support tech-driven projects. I combine creativity with strong technical skills to deliver clean, effective, and meaningful designs that align with brand goals. I am highly motivated, continuously learning, and committed to helping brands communicate clearly and professionally.

WORK EXPERIENCE

Graphics Design / SMM - US Based - OUTREACH DIGITAL PARTNERS -(2025)

- A design-focused company specializing in graphic and email design, delivering creative, high-quality visuals that strengthen brand identity and enhance digital communication. Committed to innovation and precision, the company ensures every design aligns with client goals and maintains a strong visual impact across all platforms.

Web Design - US Based - OUTREACH DIGITAL PARTNERS (2025)

- Outreach Digital Partners specializes in curating and executing social media strategies for churches, freeing pastors and staff to excel in their core calling of preaching, teaching, and serving, all to amplify the reach of the Gospel.

Vempire Watches (2024-2025)

- I designed this luxury watch landing page with a clean, premium look that puts the product front and center. The dark theme, elegant typography, and minimal layout help highlight the watch while keeping the interface smooth and easy to navigate.

The Best Rated Metro Atlanta Roofing Company (2024-2025)

- This project is a modern website design for a roofing and restoration company, created to make a strong first impression and build trust through bold headlines and clear calls-to-action. The layout is clean, simple, and conversion-focused, making it easy for visitors to request a free estimate while highlighting the company's credibility and professionalism.

Social Media Manager- Agape Reaching People Ministries Benguet PH (2024)

- Created engaging and informative content aligned with institutional goals, including promotional posts, announcements, and event highlights.
- Planned, managed, and executed social media strategies to strengthen the institute's online presence and brand awareness.

Assistant Administrator (2023-2026)
Northridge Institute of Business and Technology Inc.-
Baguio, Philippine's

- Developed and executed comprehensive marketing strategies across digital and traditional channels.
- Communication
- Spearheaded digital transformation initiatives, implementing Facebook and other marketing automation tools.
- Make sure to prioritize education placement based on your experience level.

MARKETING HEAD (2022-2023)
Northridge Institute of Business and Technology Inc.-
Baguio, Philippine's

- Developed and executed comprehensive marketing strategies across digital and traditional channels.
- Communication
- Spearheaded digital transformation initiatives, implementing Facebook and other marketing automation tools.
- Make sure to prioritize education placement based on your experience level.

Coach in IT Software Solutions for Business (2023 -2024)
Northridge Institute of Business and Technology Inc.
Baguio, Philippine's

- Design and deliver hands-on workshops and personalized coaching sessions, helping the students understand the strategic integration of IT systems to drive efficiency and innovation in business processes.
- Provide expert coaching and training to students and business professionals on implementing cutting-edge IT software solutions, improving business operations, and optimizing technological infrastructure.
